
UND SMHS Strategic Plan Individual Unit Report for 2020

GOAL 3 for **Pediatrics**

LEARNING

One UND Strategic Plan Goal 3: *Deliver more educational opportunity online and on-campus.*

UND SMHS Strategic Plan Goal 3: *The SMHS will identify opportunities to employ state-of-the-art technologies to enhance education.*

1. Describe if/how your unit has addressed this goal.

Within Pediatrics we have made a shift toward asynchronous didactic sessions during the clerkship. During the spring stages of the pandemic, lectures were recorded and have been used this academic year online.

2. Describe how your efforts are being assessed.

During the first virtual rotations in the spring of 2020, pediatric medical student NBME subject exams were higher than expected. We've only had the first 2 4-week clerkship blocks thus far this academic year and our students will not take the NBME subject exam until the spring semester, so at this time we do not have testing data. We will be seeking student satisfaction data with the new didactic delivery system.

3. Describe how your unit analyzed these data and what assessments were determined.

Compared NBME subject exam scores to the rest of the year and prior year.

4. Describe how your unit will implement any further changes and what barriers may exist.

We will take student feedback and NBME exam data and adapt as needed. A barrier that still exists is that a couple of lecturers decline to have a recorded session and still are presenting live or via Zoom.

PROVIDE A RATING OF YOUR PROGRESS ON THIS GOAL:  On Track  
(additional space for text is provided on page 3 if needed)

Additional Information on Goal 3 (optional):

Other than mentioned above, Pediatrics does not have any additional independent technology interventions.
