# UND SMHS Strategic Plan Individual Unit Report for 2020

## GOAL 8 for **Public Health**

### LEARNING

**UND SMHS Strategic Plan Goal 8:** *The SMHS will enhance its purposes of education, service, and discovery by focusing additional efforts toward achieving the broad goals stated in the School's Healthcare Workforce Initiative.*

#### 1. Describe if/how your unit has addressed this goal.

The MPH Program revised the core curriculum and added an Indigenous Health specialization in the fall of 2019. We also added a PhD in Indigenous Health in the fall of 2020. Our public health enrollments have increased substantially:

- 15 students in 2018-19
- 32 students in 2019-20
- 54 students in 2020-21

#### 2. Describe how your efforts are being assessed.

We are tracking enrollments in public health, and we conduct alumni surveys as part of MPH accreditation to track where our graduates are working and in what capacity.

#### 3. Describe how your unit analyzed these data and what assessments were determined.

We submit an annual report to the Council on Education in Public Health (CEPH) with datasets and descriptions. We also completed our self-study and successfully submitted it to CEPH in December 2020.

#### 4. Describe how your unit will implement any further changes and what barriers may exist.

No barriers. Continue on current path.

**PROVIDE A RATING OF YOUR PROGRESS ON THIS GOAL:** ● On Track; ● Delayed; ● Behind
