## GOAL 8 for **Senior Assoc. Dean Medicine/Research**

### LEARNING

**UND SMHS Strategic Plan Goal 8: *The SMHS will enhance its purposes of education, service, and discovery by focusing additional efforts toward achieving the broad goals stated in the School's Healthcare Workforce Initiative.***

#### **1. Describe if/how your unit has addressed this goal.**

We are working to expand post-graduate training offerings.

Neurology residency has been approved and enrolls its first residents in July 2021.

Orthopedics and Fargo FM residency expansion continues.

We have expanded a rural training track in Family Medicine.

We are actively working to create a pediatrics residency and a hematology/oncology fellowship.

#### **2. Describe how your efforts are being assessed.**

Numbers of resident and fellows trained.

#### **3. Describe how your unit analyzed these data and what assessments were determined.**

We are expanding our #'s of trainees.

#### **4. Describe how your unit will implement any further changes and what barriers may exist.**

Funding remains a barrier to expansion. However, a second barrier is finding faculty preceptors in the community and appropriate training sites. This, for example, has been the barrier to creating an Ob/Gyn program. We are continuing to explore options.

**PROVIDE A RATING OF YOUR PROGRESS ON THIS GOAL:** ● On Track; ● Delayed; ● Behind
