Thursday, December 15th
8:00 to 1:00 PEAT Written Exam (group 1)
10:00 to 3:00 PEAT Written Exam (group 2)

Note: The PEAT (Practice Exam & Assessment Tool) is published by the Federation of State Boards of Physical Therapy (FSBPT). This is the same group that develops the national licensure exam (NPTE). The PEAT exam mirrors the NPTE in covering all of the content areas. It is a 250 item, 5 hour examination. The best review would be your old notes, and a review guide (O'Sullivan or Giles are the most popular). You will need to pass the PEAT exam as it will serve as your final comprehensive exam which is required by the Graduate School. Note that the week between final exams and the PEAT should be used for focused review and preparation for PEAT.
