PRINCIPLES

OVERVIEW-- This policy establishes the retention time for disposal of records.

Records, documents, and information created by and created for the SMHS are the sole property of the SMHS. Records should be retained in active office areas only as long as they serve the immediate administrative, legal, academic, research, and fiscal purposes for which they were created. The records manager for the SMHS will be responsible for developing the retention schedule for the SMHS. The retention schedule will be reviewed by each department and legal counsel and then be submitted to the Executive Records Management Committee for approval.
PROCEDURES
The retention schedule specifies the criteria for the management of active records, provides for the systematic transfer of inactive records from the active storage areas to inactive storage areas, specifies the length of time records need to be maintained, and establishes the proper destruction method for those obsolete records.

The Records Manager will work with departments to instruct employees about the Records Management Program and to assist them with the implementation of the Records Retention and Disposition Policy.

The SMHS’s Records Management Program and Records Retention and Disposition Policy are of little benefit unless applied consistently and are kept up-to-date. Each department will designate a records coordinator for the department. The records coordinator will be responsible for ensuring that proper retention periods are enforced for the individual records. Each department is responsible for regularly reviewing the records and notifying the records manager of any needed updates or revisions to the retention schedule. The records manager will audit the Records Management Program periodically.

Information concerning litigation or investigations, of any kind, received by any member of the SMHS, should be given immediately to that person’s supervisor who should then inform the Office of the Dean of the SMHS. The Office of the Dean will notify the records manager and legal counsel. Upon notification, the records manager will suspend destruction of all pertinent records until notification in writing.

RESPONSIBILITIES

| Department | ●Review and provide input into the retentions schedule for the SMHS  
|            | ●Designate someone from the department to be the department’s records coordinator  
|            | ●Review regularly the records and notify the records manager of needed changes |
| Records Manager | ●Responsible for developing the retentions schedule for the SMHS  
|            | ●Implement the records retention schedule  
|            | ●Audit the records management program periodically |
| Records Coordinator | Responsible for ensuring that proper retention periods are enforced for the individual record |
| Office of the Dean | ●Once notified by departments, will notice the records manager and general counsel to any issues involving litigation or investigations |
