“Alternatives to Nissen Fundoplication for GERD Management”

Upon completion of this program, the learner will be able to:

1. Identify alternative technologies for the treatment of refractory GERD
2. List the current indications for the Lynx Reflux Management System
3. Understand the long-term side effects of PPI usage
4. Explain the steps for placement of a Lynx Device

Patrick Kane, MD
Surgical Resident
Department of Surgery
UND SMHS

Dr. Kane will be presenting from Sanford Hospital, Fargo, North Dakota

"The University of North Dakota School of Medicine and Health Sciences is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians."

"The University of North Dakota School of Medicine and Health Sciences designates this live activity for a maximum of 1 AMA PRA Category 1 Credit(s)™. Physicians should only claim the credit commensurate with the extent of their participation in the activity."
